

Children of Uganda Orphanage--Books for Sabina School

Bring your old books back to life! Revive old stories! Send your old books somewhere where they will be re-imagined and re-loved! Sabina School in Rakai, Uganda is opening a Resource Center and needs books to fill it! They need **picture books** and **books that teach numbers, colors, shapes** etc. They also need **chapter books** of varying difficulty, **fiction and nonfiction**, as well as **novels** (screened for language). Teachers need **science books, general social studies or history books, dictionaries and any up-to-date reference books** that can help teachers prepare lessons. Sabina cannot accept political or religious books, magazines, videos/DVDs or games, both board and electronic.

The Youth Group and the Mission committee are joining forces for this very important event. We will begin collecting your books in March. As we will have to pay to ship these books, we will encourage all who donate books to help pay the shipping and ask all the rest of you to donate money for the shipping. Details are on the board in the Georgetown Room. Please contact any of us for more details.
